

# SINGLE RICE MILL

## Features

- **High milling rate (over 75%) and low breakage of rice**
- **Less consumption of electricity**
- **Combined mill gasoline engine can be used where there is no electricity**
- **User friendly**

## Technical information

- Capacity 150-170 kg/hour
- Operation Semi-Automatic
- Electricity connection Single phase
- Motor power 3 HP
- Voltage 220 V
- Electricity consumption 1.35kw/hr
- Weight 70-73 kgs
